

# OFFSITE CHECKLIST

PROJECT:

COMPLETED BY:

DATE:

## NOT RELEVANT FOR OFF SITE

1.	Has an offsite option been considered?	Yes	No	N/A
2.	Is the site program demanding where offsite solutions would bring some commercial advantage to program?	Yes	No	N/A
3.	Is storage on site a challenge? Would offsite assist?	Yes	No	N/A
4.	Have the following options all been considered: plant rooms, plant skids, PUC's, horizontal modules, riser modules?	Yes	No	N/A
5.	Has the original MEP design been carried out with a view to offsite solutions? This can reduce redesign time periods.	Yes	No	N/A
6.	Have pre-wired loom solutions (plug and play) been considered for the wiring requirements?	Yes	No	N/A
7.	Have the structural requirements of the skids/modules been designed in with the MEP design? One point of responsibility is recommended.	Yes	No	N/A
8.	If skids have multiple trades installed in the offsite factory, has certification been considered for the various elements? Are other trades happy to install in offsite factory?	Yes	No	N/A
